

Science, Technology and Society @ NJIT: Focus on Music, Culture and Technology

Students who enjoy music and the technology that conveys it, and those who have strong interests in the relationship between human material culture and aesthetics may consider the Music, Culture and Technology major option within the STS degree.

In addition to STS core courses and the NJIT General University Requirements, students in this option choose among the courses listed below, in addition to many others offered at NJIT and Rutgers-Newark.

700-101	Introduction to Music
700-111	Fundamentals of Music
STS 325	Special Topics in Music and Technology
STS 347	Music and Technology
STS 348	Esthetics and Modern Technology
STS 349	Advanced Music Technology
Hist 370	Legal issues in the History of Media

Graduates from the STS program with the Music, Aesthetics and Technology option are encouraged to pursue careers that promote their creative and artistic abilities. These include work in media development, production and performance; curatorial work in archival and museum-based venues; and entertainment law.
